

L'ORÉAL

Clichy, March 25th 2016

I met three great students from the Law School at Sciences-Po : Sofia NORTEN, Lorenzo COLOMBANI and Hugo RUGGIÉRI.

They are smart. They are passionate.

They are seizing a major up-coming issue : transhumanism. A challenging issue for our civilization in the 21st century.

They created ThinkH+.

Meet them. Help them.

L'ORÉAL too supports their quest for ethical sustainable answers.
